immigrants, the LGBTQ+ community, and women. They are hateful, small-minded folks who think they are somehow hurting our feelings with their bullshit. Their nonsense is total projection. They insult us for being weak, effeminate, queers (which, yea, is true, we're a bunch of LGBTQ+ people and most of us are sassy bottoms), and call us "keyboard warriors" but the fact is we have been kicking ass in Colorado for over two years now, and we're not fucking going anywhere.

About this capture

Remember when we all wore black bloc at the [March Against Sharia](#), marching, chanting, and throwing down against TWP without passing out?

They're all probably riled up over our recent post about [Zach Lightner](#) and [Shane Reeves](#). They have been posting the usual alt-right rhetoric on our page: we're the real fascists, Nazis aren't real, we all live in our mom's basement, blahblahblah. It's surreal how disconnected from reality all these people are.

These flyers showed up on the UCCS campus last spring. [Identity Evropa](#) are a well known hate group who [participated in Unite The Right](#) and has a reputation for [harassing college professors](#). Shortly after the Identity Evropa posters showed up some generic [anticom-style](#) posters showed up on campus with a discord link. Following the Torch [Points of Unity](#), we went where they went. It was a kind of experiment. Our hypothesis was that the “physically remove communists” rhetoric is almost always a cover for Nazi

Some of the proud boys (lol) had a Colorado Against Antifa group going for a while, but it got lame quick. What's y'all deal/ideology/game plan or whatever

NEW MESSAGES

sammyboy Today at 1:27 PM
It's me and a couple other guys irl.
As far as ideology I'm not crazy. I'm for sure "far right".

Want I want to do is get together some younger right wing people to discuss politics, readings, etc.

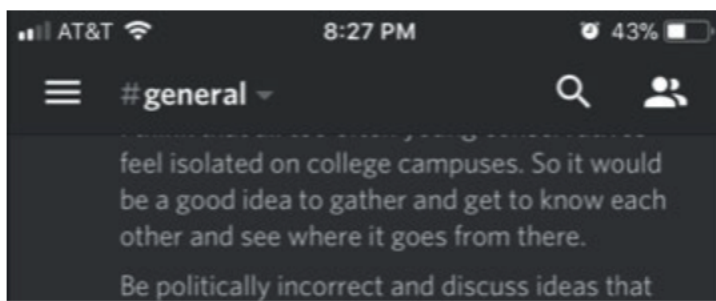

I started doing the posters as a response to someone putting up an identity evropa poster in Columbine.

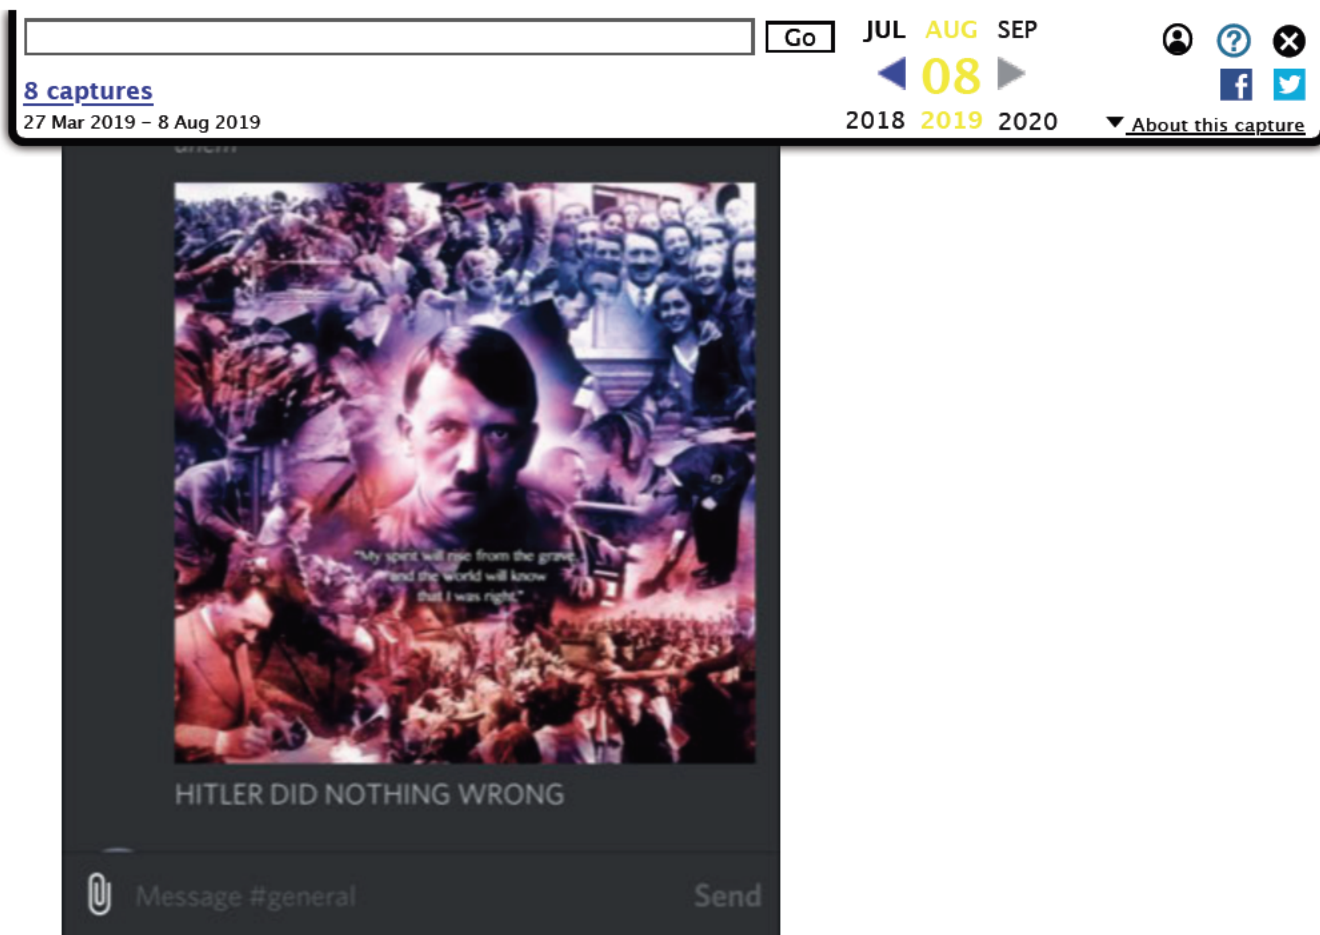

Was that you by any chance?

Game plan is to just take it slow. Get some people involved and then connect here with others in the state. Maybe have a meet up sometime, drink some beer and talk politics. I'm in a discord server with some other people in Colorado that are also right wing/alt right etc. What I think can happen is we can just start networking with people in the state.

Message #general

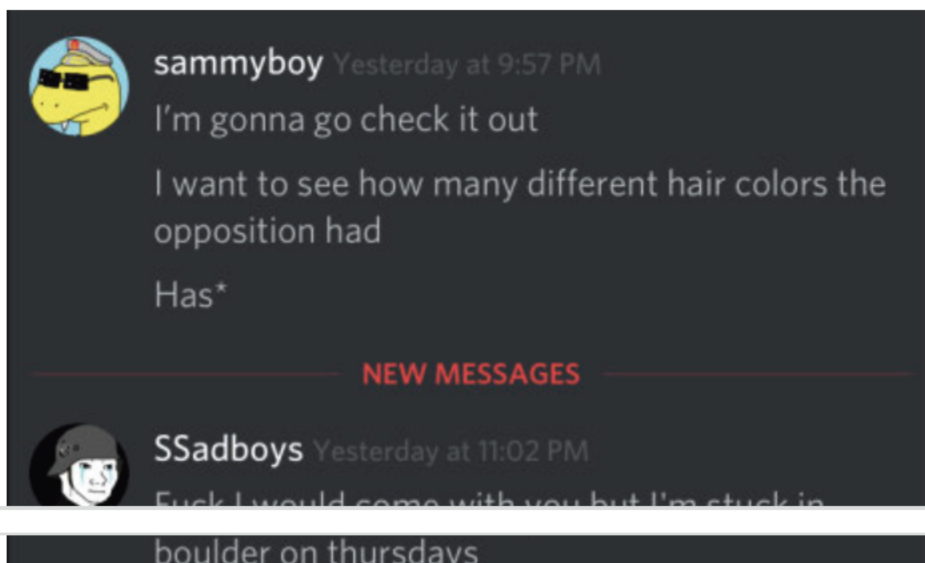

Hmmm. Maybe they are just right-wing and not Nazis.

Oh Wait...

So yea, the dude posting anti-com posters is a fucking Nazi. Who would have guessed?

minarchist lolbertarian but I know it's only possible in the white ethnostate.

One of the other dudes in the chat is an admitted “white nationalist.” We have a theory about this dude, since “Sadboys” was the title of our original dox post about the Proud Boys (which they had their [asshole lawyer](#) send us a cease and desist letter about...) and we’ve noticed the distinctive use of the term “manlet” by Springs Proud Boy [Jack Sexton](#). It is probably just a whole bunch of coincidences though. [Because the Proud Boys are definitely not Nazis.](#)

Guy called Reiko (discord: Reiko#3333) and his pals gain the trust of boys with physical insecurities and gets them to dress up in girly clothes and send pictures. once these people have been doxxed, they are blackmailed to take HRT else their pictures will be sent to friends and family.

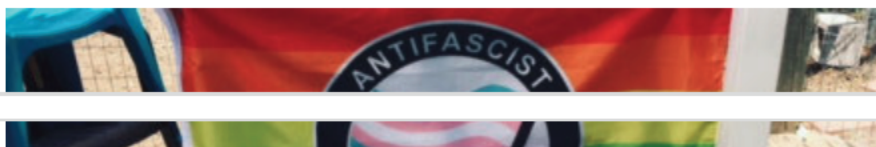

remember that boy who skullcapped himself the other week, apparently he was caught up in it.

Dollaz, PSN_Gamer, Greggy, Johnny Fairfax, Reiko. I have played with some of these guys, on the same server as ALL of them.

White Castle mines_anon Today at 7:17 AM
Holy shit

So this is where I lost my stomach for this chat. It was a vague message with uncorroborated details but Nazis using minecraft servers to essentially force-femme boys is abhorrent on a level that I can't handle. Literally everything the far-right says about the left is projection.

Shortly after we left the discord chat Patriot Front and Identity Evropa started ramping up propaganda campaigns, including dropping this dumbass banner on the I-25/Baptist Rd. Overpass in Monument. We tore it the fuck down ASAP, then we used it to raise over \$800 for the Colorado Immigrant Rights Coalition. Fuck you, Nazis.

These are some vile pieces of shit. You can get into all the semantic arguments you want. They aren't technically Nazis, whatever. They're definitely asshole pieces of shit, and we're going to fight them. We're going to fight them and their apologists and supporters and all the juvenile troll campaigns from all the "patriots" in the world isn't going to stop us.
